

Dear Bakery Buyer,

I absolutely love a cranberry oatmeal cookie that is available to you as frozen dough to bake and sell in your in-store bakery. This frozen dough:

- Is pre-portioned and ready to bake
- Is made with 100% whole grains and cane sweetener
- Is all natural and contains no trans fats
- Is easy to work with and makes absolutely delicious cookies
- Was a best seller for 14 years at Whole Foods

I would very much like to be able to buy these cookies freshly baked by your in-store bakery. For ordering information, please contact:
